

Cuba Education Tours for Teachers

Cuba Education Tours has five wonderful tours for American teachers this year -- the only authorized opportunities to experience Cuba.

Tour costs and itineraries are detailed at <http://CubaFriends.com>

Cuban teachers want you to witness their efforts to maintain no-cost lifelong education, health care, and social and environmental programs that strengthen island communities. They're certain you'll find inspiration in their approach. And they are eager to learn about innovative school programs you're engaged in.

We warmly invite you to come down to the island, meet and interact with its people, and relish their history and culture. You'll return better for it -- rejuvenated with fresh new insights on life and education.

We've helped thousands of American teachers visit the island since the year 2000.

All Cuba Education Tours qualify for licensed island travel for Americans. You can visit and be a guest without complications.

Check out our programs. We think you'll like them. Invite a friend, or travel with your partner.

* June-July Teachers Introduction to Cuba Tour from June 26 to July 3 (five spaces remaining). See <http://CubaEduTours.org>

* August Teachers Introduction to Cuba Tour from July 31 to August 7 (eight spaces remaining)

* Boomers Whole Cuba Tour from November 12 to Nov 21

* Green Cuba Research and Culture Tour from November 20 to 27

* New Years Teachers Introduction to Cuba Tour from December 26, 2010 to January 2, 2011

Please consider sharing this letter with your friends keen on seeing Cuba. We'd be grateful, and so will Cuban teachers and students.

Call or email us. We're here to help you go to Cuba. Hoping to meet you on the island soon

Warm regards,
Marcel Hatch, Education Director
